School Description

Maxwell High School is a small rural comprehensive high school serving grades nine through twelve. Our school boundaries cover approximately 387 square miles. Maxwell High School believes a student's development is based upon his or her total educational experience, and recognizes that the shaping of this experience is a joint effort between home and school. Maxwell High School believes it must provide an environment that is student-centered, one that encourages growth and change, and promotes a wide range of learning styles. Maxwell High School is committed to not only teaching the basics, but also teaching those skills that will make for a successful life.

Mission Statement

Maxwell Unified School District (MUSD) strives to provide a meaningful, rigorous academic program for all students within a safe and supportive environment, prepare all students to be career or college ready, positive contributors to society, and promote academic excellence in all students, personal integrity, and responsible decision-making.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF webpage at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

ELA	46	N/A	39	N/A	50	N/A
Math	16	N/A	36	N/A	39	N/A

Note: Cells with N/A values do not require data.

Note: The 2019-2020 data are not available. Due to the COVID-19 pandemic, Executive Order N-30-20 was issued which waived the requirement for statewide testing for the 2019-2020 school year.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2020-21)

Maxwell High School encourages parents and family members to take an active role in school-wide activities. We are always looking for parents to become active in the classroom, with extracurricular activities, our Local Control Accountability Plan Committee (LCAP), and our District English Learner Committee (DELAC). Many parents currently support our Future Farmers of America and our Future Business Leaders of America programs as well as our athletic teams. In addition, parents participate in our Ag Advisory Committee and Booster Club. For more information about getting involved please visit our website and view the Parent Involvement Policy or call the school office at 530-438-2291.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan (School Year 2020-2021)

Our School Safety Plan outlines the responses for earthquakes, fire, and intruder alerts. An emergency drill is conducted twice yearly. A sign is posted outside the office door in two languages stating that all visitors must sign in. All athletic coaches are fingerprinted and screened by the DOJ and must show proof of being trained in CPR and first aid. The School Safety Plan is reviewed with staff biannually and is approved by the Board annually.

Suspensions and Expulsions

(data collected between July through June, each full school year respectively)

Rate	School 2017-18	School 2018-19	District 2017-18	District 2018-19	State 2017-18	State 2018-19
Suspensions	15.1	8.5	9.2	4.4	3.5	3.5
Expulsions	0.9	0.0	0.5	0.0	0.1	0.1

Suspensions and Expulsions for School Year 2019-2020 Only
 (data collected between July through February, partial school year due to the COVID-19 pandemic)

Rate	School 2019-20	District 2019-20	State 2019-20
Suspensions	7	8	
Expulsions	1	1	

Note: The 2019-2020 suspensions and expulsions rate data are not comparable to prior year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to prior years.

Number of school days dedicated to Staff Development and Continuous Improvement	1	1	1

Maxwell Unified School District provides one day of professional development to all certificated employees each year as well as monthly collaboration minimum days. New teachers are provided support through (TCIP) Tri-Counties Induction Program with a district Mentor Teacher and county support meetings. In-service includes computer technology training, professional development on the California Standards, classroom management strategies, and differentiated instruction strategies. All teachers are encouraged to attend conferences and workshops and share their information with the other staff. Teachers returning from additional training are supported through additional funding to implement new methodologies.

Career Technical Education Programs

The Maxwell High School Agricultural Program offers several courses to its students. First year agricultural students enroll in the Agriculture Core Dual enrollment class through Woodland community college (Ag Communications), which allows students to choose which career path they would like and prepares them for FFA. From there, students choose between Floral Design, Animal Science, Ornamental Horticulture, Agricultural Mechanics, Woodshop, and Metals/Welding. All agricultural classes are aligned with the State Model Curriculum standards for Agriculture. These classes meet high school graduation credit for art or elective credit. Agricultural classes at Maxwell High School allow students to develop leadership skills, workplace learning, and the opportunity to explore a variety of careers through field days, leadership conferences, speaking contests, state and regional meetings, as well as fairs and shows. Students have the opportunity to visit many colleges and universities to help them determine where they will continue education after high school.

The effectiveness of the Agricultural program is determined by the number of program completers at the end of four years of high school, the program completers in the regional occupation program and the feedback by the Maxwell High School Agriculture Advisory Board. The Agriculture program encourages participation by all students including special populations and prides itself on the diversity of its students.

Business Department CTE Program: The Business Department offers a computer applications program that is aligned to the model curriculum standards. The course teaches various software applications such as: Microsoft Office, Adobe Photoshop, Adobe In Design, and Macromedia Dreamweaver (Web Page Design) Students also prepare an employment portfolio, which includes a career self-awareness, ethics in business, resume, cover letter, employment application, and job interviewing techniques. The Business Department offers five Dual enrollment classes through Woodland Community College (Business Computer Applications, General Office Procedures and Career Planning, Marketing, Accounting, and Personal Finance).

Agricultural Mechanics Department CTE Program: Agricultural Mechanics offers students training in welding fabrication, and repair techniques used in farm, industrial, and fabrication shops. The class introduces students to quality and time standards. Students are encouraged to take advantage of the leadership and vocational opportunities offered in the FFA. Emphasis is placed on the development of independent work skills through team and individualized instruction; increasingly difficult projects will be assigned and supervised by the instructor and work must meet quality standards set by the instructor. Depending on the scope of the projects, students may pick up additional skills in machining, electrical, hydraulics, engine repair, and computer aided drafting. The CTE course goal is to prepare students for careers as farm and industrial mechanics and technicians, farm and industrial shop and equipment foremen, machine operators, welders, fitters, layout men, assemblers, and farm managers. In addition, these courses provide a practical foundation for students in careers in agricultural and mechanical engineering. Our Metals/Welding course has articulation agreements in place with Butte Community College and is a dual enrollment class through Woodland Community College.
